The Access Road shall be subject to normal and customary driveway spacing requirements for a local road. The Access Road shall be immediately adjacent to the property owned by Musgrave Real Estate Holdings, Limited Partnership (the "MREH Property") and they and their successors shall have full access to the Access Road. The Proposer shall provide for the right-of-way and stormwater retention areas entirely on the Property. The Access Road shall not be subject to limitations for use by trucks. The name of the Access Road shall be "Musgrave Ranch Road" and shall be a public road.
- B. The County has identified approximately 0.23 acre of potential functional loss for wetland mitigation for the development of the MREH Property. The Proposer will utilize a portion of the Property for mitigation of these wetland impacts or may purchase mitigation credits for this functional loss at their cost.
- C. The County has calculated the volume of floodplain compensation for the development of the MREH Property at approximately 39 acre-feet, which shall be offset on the Property.
- D. The Proposer shall potentially build a 100,000 to 200,000 square foot warehouse for County use on the Property. The specifications of the warehouse shall be determined during the negotiations.
- E. Prior to any closing on the sale of the Property, the County may be required to secure a Release of Restrictions from Musgrave Real Estate Holdings, Limited Partnership.
- F. The Proposer shall install wastewater and potable water facilities in or adjacent to the Access Road to serve their development, the County's potential warehouse, and the MREH Property. The facilities shall be made public, at a minimum, along the Access Road and shall be sufficient to provide water and wastewater service for approximately 1,045,000 square feet of commercial development and shall provide connections points to serve the MREH Property.

- G. The Proposer shall complete construction and certification of the Access Road, stormwater, floodplain compensation, wetland mitigation, and utility improvements. The turnover of the Access Road, stormwater piping, and utility improvements shall also be completed. This shall be completed within twelve (12) months of the real estate closing that coincides with the sale of the Property that is the subject of this ITN.
